Totally 306 Participants from all Line departments participated in these 5 workshops. Mr.N.Raman, World Bank Procurement Consultant handled all Workshop sessions. In these Workshops the World Bank Guidelines, Necessity of preparing and importance of Procurement Plan, Procurement of Works, and Goods under IAMWARM project were elaborately discussed with the participants. An exposure on the consultancy procurement was also explained. Participants were divided in to six groups and task of preparing NCB & National shopping model bid documents were assigned to each group. Hypothetical model evaluation for awarding to the L1 bidder considering all important points that are to be considered were given to all participants as a exercise. Objective type questions were given and participants were requested to answer. All clarification sought by the Participants were answered by Mr.Raman.

Background reading materials bounded book volume consisting Bank Guidelines, Works NCB bid document, NCB goods bid document, National shopping document, Bank Model Evaluation document, and power point slides of Mr.N.Raman was given to all participants for easy future reference. Soft copy of all Bank Standard bid documents, all other important documents, Srisailam Project construction methodology etc was also given to all participants.

Through these 5 Procurement workshops, IAMWARM Project II Phase sub basins dealing staff are very benefited because of the exercise given in evaluation aspect. In general all participants requested to conduct refresher Procurement workshops in I & II Phase sub basins and further requested to conduct similar Procurement Workshops in III Phase sub basins before preparing the Procurement Plan.
