

## Encouraging fish growth in farm ponds of Upper Vellar

The Agriculture farmers of Upper Vellar sub basin (Salem D't) were motivated to take up Aquaculture in farm ponds under IAMWARM Project. The interested farmers were given training on good management practices in freshwater aquaculture. Stocking of carp seeds were done in twelve farm ponds during January 2008. Encouraging weight range of 450g to 1000g has been recorded during trial netting conducted on 7<sup>th</sup> & 8<sup>th</sup> of August in two farm ponds. Farmers are happy with the fish growth.

Village: ABHINAVAM  
Farmer: ARIYA GOUNDER.
